

2004 PLANTAGENET SHIRAZ

Review Summary

90 pts “Intriguing Indian spice layers this shiraz and brings out its soil-driven intensity. The fruit has a red edge, balancing the density of the tannin with its spice. For roasts.”

Wine and Spirits Magazine
October 2009

90 pts “From Western Australia, this Shiraz features a pungent combination of pepper-cured meat and mint on the nose, followed up by flavors of meat, black olive, dark berries and earth. It’s full-bodied and creamy in texture, maybe even a bit warm on the palate, finishing on a distinctly savory note. Drink now – 2015.”
