McLaren Vale, South Australia

Variety

Grenache (55%)

Shiraz (40%)

Mourvedre (5%)

Maturation

New and older American and French oak barriques

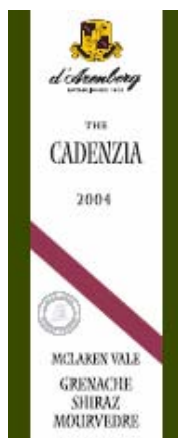

Technical Analysis

14.5% alc/vol

Tasting Notes

The Cadenzia by d'Arenberg is an exotic full bodied wine dominated by red berries, dark spice, roasted black tea and mulberry fruits. Shiraz adds to the thickness of texture spiced fruits and licorice.

The Cadenzia is original - being big rich and very complex wine, showing true McLaren Vale typicity, generosity and fragrance.

Background

In 2004, some of McLaren Vale's top winemakers agreed to each release a wine under the name 'Cadenzia'. Cadenzia has been taken from the meaning of cadenza, 'a soloist virtuoso', as inspiration to each winemaker to produce a wine with distinct regional identity featuring Grenache.

An exciting group project to showcase the region's Grenache-based wines as it is particular well suited grape variety to show its different expressions of characters by the influence of the winemaker.

The Cadenzia range of wines are all sealed utilizing the innovative South Australian designed 'Zork' seal in place of the traditional cork stopper. Initial industry trials have proven Zork sealing qualities eliminating the effects of wine spoilage from oxidation and cork taint.
