AUSTRALIA

THE UPS AND DOWNS OF DOWN UNDER

Flash back to 30 years ago and imagine yourself browsing through your local retailers' wine racks. Think there is a section labeled Australia? Probably not.

Just five years later, in about 1989—when I spent some time working in a Manhattan wine shop—Australian wines were muscling their way onto the shelves. Back then, the \$7 Chardonnays and \$9 Shirazes offered terrific value, easily outdistancing California's "fighting varieties."

There wasn't much interest in the wines at higher price points. Penfolds' 1986 Bin 707 Cabernet Sauvignon was terrific, but few of the store's customers were willing to spend \$25 to try it.

Inevitably, word got out about the great quality of Australia's best wines. More and more of them found their way to America, and by the early 2000s, dropping names like Noon, Glaetzer and Riggs was a sure sign that you were in the know.

Yet a few years later, as quickly as you could say, "Global Financial Crisis," interest in these wines crashed. Many of them disappeared from the American market following 2008. Others lingered on store shelves, over-

priced memories of a passing fling.

Today, American interest in Australia's middle-class and high-end wines is coming back. Even though exchange rate changes mean the wines are no longer the screaming bargains they once were, they can still represent good value. The best combine Australia's beneficent climate, old, ungrafted vines and winemaking skill into modern masterpieces.

This issue's Buying Guide includes a good number of wines that fit that description, as well as a number of Best Buys for \$15 or less. At the macro level, focus on South Australian red wines from the 2010 and 2012 vintages, which look to be the best years for the region in some time.

Although Australia takes center stage this month, we also take a look at other New World regions, including wines from Argentina, California and Oregon. From Europe, we review the latest crop of affordable Bordeaux and Bordeaux Blanc, as well as new releases from Spain, Italy and Germany. And, as always, be sure to check out our online database at buyingguide.winemag.com for thousands more ratings and reviews from around the world. Cheers!

CHARDONNAY

94 Leeuwin Estate 2010 Art Series Chardonnay (Margaret River). Having earned its reputation as one of Australia's finest Chardonnays, the challenge is then to maintain that level of quality. The 2010 Art Series certainly does that. Enticing aromas of woodsmoke, peach and pink grapefruit give way to intense flavors of citrus and stone fruit on the palate. It's full bodied, yet with great focus and length, ending crisply despite the wine's inherent richness. Drink now–2020, perhaps longer. Old Bridge Cellars. —J.C.
abv: 14% **Price:** \$89

91 Petaluma 2010 Chardonnay (Piccadilly Valley). This is a lush, ripe Chardonnay from a cool subregion of the Adelaide Hills. Grilled peaches and toasted coconut elements lend an exotic edge to this full-bodied wine. Drink it over the next few years. Distinguished Vineyards & Wine Partners. —J.C.
abv: 14% **Price:** \$33

91 Wolf Blass 2010 White Label Chardonnay (Adelaide Hills). When a producer renowned for its red wines can turn out an elegant, understated white of this quality, you know Australian Chardonnay has firmly arrived. Subtle accents of toasted nuts frame citrusy fruit, and while the wine is full-bodied and round in the mouth, it remains focused and long and on the finish. If you're fortunate enough to get some of the 600 bottles imported, drink the wine over the next couple of years. Treasury Wine Estates. —J.C.
abv: 13.5% **Price:** \$32

90 Penfolds 2010 Yattarna Chardonnay (Tasmania). This is an improvement over the 2009, which was overly lean. The 2010 is still tightly focused

and linear—so much so that one wonders whether it will ever truly flesh out—but bright, citrusy fruit comes through on the long finish, offering hope for the future. Treasury Wine Estates. **Cellar Selection.** —J.C.
abv: 13% **Price:** \$130

89 Robert Oatley 2010 Chardonnay (Mudgee). Attractive and nicely balanced, featuring hints of toasted marshmallow on the nose but fruit-driven flavors of pineapple and peach on the palate. It's medium-bodied despite its moderate alcohol level, with a lush texture and a juicy, mouthwatering finish. Robert Oatley Vineyards Inc. —J.C.
abv: 12.7% **Price:** \$20

86 Rosemount 2011 Diamond Label Chardonnay (South Eastern Australia). Harkens back to the value days of the Diamond Label—but the style has been updated to reflect more freshness and focus. Pineapple and melon notes display cool, citrusy overtones, picking up just a hint of caramel on the finish. Drink now. Treasury Wine Estates. **Best Buy.** —J.C.
abv: 13% **Price:** \$10

86 Woop Woop 2011 Chardonnay (South Eastern Australia). This is a plump, medium-bodied Chardonnay ideal for casual sipping. Pear and citrus flavors combine easily, finishing on a soft note of chalk-dust. Epicurean Wines. —J.C.
abv: 12.5% **Price:** \$14

85 Salena Estate 2011 Chardonnay (South Eastern Australia). This crisp, citrusy Chardonnay is zesty and refreshing. It avoids any sense of heaviness, finishing on a tart, lemony note. Yancey Marketing Group. —J.C.
abv: 13.5% **Price:** \$11

85 Salena Estate 2011 Legacy Chardonnay (South Eastern Australia). Melon and pear notes provide the flesh, while a citrusy element provides the backbone of this medium-bodied Chardonnay. It's round without being flabby, ending on a refreshing, citrusy note. Drink now. Yancey Marketing Group. **Best Buy.** —J.C.
abv: 12% **Price:** \$10

84 Lindemans 2011 Bin 65 Chardonnay (South Eastern Australia). A light, clean, fruit-cocktail style of Chardonnay at a bargain price, the 2011 Bin 65 should be largely superseded on shelves by the 2012. Melon and pineapple fruit finishes reasonably crisp, but drink up. Treasury Wine Estates. **Best Buy.** —J.C.
abv: 12.5% **Price:** \$6

83 Gumdale 2010 Chardonnay (South Eastern Australia). The darkening color and honeyed, butterscotch-like aromas suggest a wine that is entering decline. There's still enough peach and mango fruit to give it some interest, but drink up. Deutsch Family Wine & Spirits. —J.C.

In general, an optimum time for cellaring will be indicated.

Best Buys are products that offer a high level of quality in relation to price. There are no specific guidelines or formulae for determining Best Buys, but wines meriting this award are generally priced at \$15 or less.

97 Williams Selyem 2011 Precious Mountain Vineyard Pinot Noir (Sonoma Coast).

Williams Selyem expresses the intricacies of this vineyard with more consistency than any other winery. This remarkably intellectual, ageworthy wine is bone dry, with marked acidity and complexity. The flavors range from wild cherries, cola and balsam to raspberry tart and buttered cinnamon toast. Its complexity is like a mandala, increasing in beauty the longer one examines it. A softly tannic bitterness lingers on the finish; drink 2019–2030. **Cellar Selection.** —S.H.

96 Williams Selyem 2011 Allen Vineyard Pinot Noir (Russian River Valley).

You can taste the California sun in every sip of this gorgeous Pinot Noir. It brims with luscious raspberries and cherries accented by brisk acidity and a hint of sweet, smoky oak. It's terrifically complex, with notes of mushroom, orange zest, cola, rosehip tea and persimmon. Dry and elegant, with a wonderful mouthfeel, it's gorgeous now, but will gain earthy complexity over the next 15 years.

95 John Duval Wines 2010 Eligo Shiraz (Barossa).

This is likely the most ageworthy Shiraz winemaker John Duval has crafted since leaving Penfolds. The oak is subtle, the fruit still tight. It's full bodied but bursting with potential, shown in hints of black cherries and plums, mocha and mint. The finish is long, mouthwatering and softly dusty in texture, making it luscious yet firm. Drink 2018–2030. Old Bridge Cellars. **Cellar Selection.** —J.C.

95 Trefethen 2008 HaLo Cabernet Sauvignon (Oak Knoll).

Trefethen has been on a roll the last few years, producing some of Napa's most spectacular Cabernets. This bottling, which contains minor quantities of Petit Verdot and Merlot, spent 28 months in new French oak barrels. The fruit is incredibly ripe and intense, with flavors of black currants and chocolate-covered cherries. As hard as the tannins are, they must have been even more aggressive two or three years ago, so kudos to Trefethen for holding the bottle back for five years. This bottle is just now beginning its long journey. Drink now–2020. **Cellar Selection.** —S.H.

The palate is bright and tangy with acidity, and incredibly complex flavors of wild berries, mushrooms, balsam, cola and Asian spices. It's dramatic now, but will continue to improve for at least 15 years. **Cellar Selection.** —S.H.

94 Tenuta Castelbuono 2007 Sagrantino di Montefalco.

This stunning offering is aged in large casks that soften the wine but don't add wood tannins to Sagrantino's naturally tannic backbone. It opens with an intensely balsamic fragrance of Mediterranean herbs, mint and berry accompanied by delicious blackberry, white pepper and cinnamon flavors. The wine boasts fantastic depth and will develop even more complexity over time. Drink 2017–2027. Palm Bay International. **Editors' Choice.** —K.O.

"IT'S MAGIC"

93 3 Rings 2006 Reserve Shiraz (Barossa Valley).

It's not often you find mature, ready-to-drink Shiraz like this newly released in the U.S. From extended time in oak, this has some mossy, vanilla shadings on the nose that ease gently into savory, meaty notes and dried plum flavors. Hints of brown sugar, chocolate and mint linger on the supple finish. Drink now and over the next few years. Quintessential Wines.

SPIRITS

FLAVOR OF THE MONTH: FLAVORED WHISKEYS

Think back just a couple of years: flavored whiskies weren't much of a category.

But look at the shelves today. Inspired by the strong success of flavored vodkas, the flavored whiskey category has roared to life. For this month's tastings, flavors ranged from fruity to vanilla- and cinnamon-spiced; maple to salted caramel. (No cupcake-flavored whiskies yet—whew!) The unspoken rule seems to be this: find a flavor that exists in the natural spectrum of whiskey, and amp it up.

In general, the bases of these products are younger spirits, and they're intended for cocktails (cola or ginger ale seem to be the go-to mixers here). Canadian whiskey used to be the primary foundation for flavored products, but that's no longer the case, as bases now range from Irish whiskey to rye to unaged American moonshine.

It would be a challenge to compare these young whiskies side by side with their fine, long-aged counterparts. In many ways, it's comparable to the intersection between aged rums and

spiced rums: "fine" versus "fun."

Of course, there are exceptions to every rule. California wine-and-spirits maker, Charbay, bucks the young-whiskey trend by distilling beer and aging it for extended periods to create intriguing "hop-flavored" whiskies. Two are included here, although some might argue they belong in a different category from whiskies with flavoring added after distillation.

These flavored whiskies are drawing in tipplers who are new to whiskey altogether. Some experts refer to them as "starter whiskies"—if you try and enjoy maple-flavored Bourbon, distillers reason, perhaps you'll be more likely to try unflavored Bourbon down the road.

We're all for that kind of experimentation at *Wine Enthusiast*, so if you find a flavored whiskey here you like, consider heading over to our online Buying Guide at buyingguide.winemag.com to locate an unflavored whiskey you might enjoy too.

Cheers!

—KARA NEWMAN

95 Charbay Hop Flavored Whiskey—Release III 1999 (USA; Charbay Distillers, Ukiah, CA). Double-distilled from Pilsner beer, flavored with hops and aged for 14 years (six years in oak, eight years out of oak), this limited-edition whiskey isn't for everyone. It's powerful, big and oaky on the palate, with lots of tannins rounding out into vanilla, honey and sweet-yet-bitter orange peel. Bottled at an over-the-top 132 proof, it needs a lot of dilution, but once the alcohol is tamed, an enticing velvetiness emerges. This whiskey is different, interesting and oddly haunting. It would make a wild Manhattan.

87 Henebery (USA; Henebery Spirits, La Jolla, CA). What a roller-coaster! This spice-infused, young high-rye whiskey seems to evolve with every second it's in the glass. The complex fragrance is cinnamon-spice, herbal and fruity, all at once. On the tongue, it tastes herbal, even slightly bitter. It shifts from bitter orange to citrusy, to sarsaparilla and cinnamon, and back to bitter again. Medium to light weight, it also has a modest alcohol bite. Straight up, it's not unlike taking a slug from a bottle of bitters, but this intriguing little wonder has interesting implications for mixed drinks.

BEER

DARK AND ROASTY

With winter in full swing, we typically turn to robust beverage selections that help keep us cozy and warm throughout the chilly nights. We look for bolder flavors, stronger profiles, and maybe even higher alcohol levels to provide that wonderful warming sensation as we enjoy our favorite cold one. One of the best beer styles that grants all of these characteristics is American porters.

Originally perceived as lighter stouts (just as a stout was perceived to be a stronger version of a porter), porters can vary widely, from bitter, roasty beers to sweeter, chocolaty versions and everything in between. Interpretation and personalization is key.

There are more traditional offerings, like

English or Baltic porters, and then there are American craft versions, which often use additional ingredients (like coffee or smoked malts) or techniques (like oak ageing).

These American examples are the focus of our tastings this month. The style lines are blurred, as innovative brewers think outside the box and experiment with different recipes and methods. Some American brewers have even taken to producing imperial porters, offering more intensity, concentration, bitterness and, of course, alcohol.

Perfect for those cold winter nights, here are some great brews to start off your porter journey.

Prost!

96 Alaskan Brewing Co. 2013 Smoked Porter (American Porter; Alaskan Brewing Co., AK). A perennial classic, Alaskan Brewing's vintage-dated Smoked Porter continues to impress. The 2013 bottling seems to have even more depth and power than usual, with intense aromas of char and campfire upfront, supported by notes of chocolate, cigar box, roasted malt and a hint of dark fruit. It's a deep, dark brown color—almost black—with a fluffy tan head that lingers. The palate is smooth, full and creamy, with lush flavors that mimic the bouquet alongside accents of hickory-cured bacon, roasted coffee and s'mores. A sweet-smoke sensation lingers on the long finish; with this concentration, power and balance, this is a selection that's sure to evolve and age well for years to come. **Cellar Selection.**

92 Hangar 24 Barrel Roll No. 01 2013 Immelmann (American Imperial Porter; Hangar 24 Craft Brewery, CA). This Bourbon-barrel-aged imperial porter is brewed with lots of malts, including chocolate and dark chocolate malts, as well as oats, cocoa nibs and whole vanilla beans. It's aged in Bourbon barrels for six months, then blended with 20% fresh porter to retain some of the initial beer's characteristics and prevent the wood from overpowering the profile. The result is an intense but well balanced selection, brimming with powerful aromas and flavors of vanilla, roasted coffee, sweet wood, baking spice, cocoa, molasses and dried dark plums and berries. This beer is medium bodied, with low carbonation and a spicy warmth on the finish. Only 2520 bottles were produced. Although it's enjoyable now, the intensity should mellow and flavors will evolve with some cellaring time. **Cellar Selection.**

The palate is full of traditional porter flavors—roasted malt, bitter chocolate and coffee—but interestingly accented by notes of honey, caramel and fragrant white flowers.
