

2010 CHILCAS SINGLE VINEYARD CABERNET FRANC

Review Summary

90 pts – BRONZE MEDAL

**Wines of Chile Awards
2013**

88 pts “This has balsamic aromas of roasted black fruit, autumn leaf, coconut and oak. It feels big, fruity and a bit raw, with black cherry, dark plum and cassis flavors. The finish is dark, spicy and chocolaty. This is totally New World in style, aroma and flavor.”

**Wine Enthusiast

“Though it does not yet represent a trend in Chile, you find each time more good examples of Cabernet Franc in the market. This is one of them. Though oak has a slightly more relevant role than what I would prefer, once you come over it very good ripe red fruit flavors appear in a medium to high volume scenario. Cellar for a couple of years to gain complexity.”
