

2010 CHILCAS LAS ALMAS

Review Summary

90 pts “Seductive aromas of blueberry, oregano and juniper are different than the norm. This is concentrated and inky, with intense black fruit flavors as well as notes of juniper berry and lemony oak. A lush, fruity finish is pure and jammy but not overly complex.”

Recommended “Very ripe fruit, broodingly so; earth, leather and blue fruit notes with just a whiff of cinnamon to the dry, dusty finish.”
