WINEMAKING :

The grapes were harvested during the first week of September in the cool, early mornings. After destemming, the juice was left in contact with the skins for several hours before a gentle pressing. Fermentation in stainless steel tanks took 28 days at a temperature of 57°F. The wine was then left on primary lees, with stirring occurring regularly in order to build depth and texture.

TASTING NOTES :

Chateau de Sours Rose 2016 displays all of its usual hallmark characteristics including a lovely luscious and vibrant but pale pink color and offers vivacious red berry fruit aromas, with hints of bubblegum and mouth-watering strawberries and cream on the palate. It is surprisingly full and rich, balanced by a lovely refreshing acidity and a long dry finish.

CRITICAL ACCLAIM :

ABOUT CHÂTEAU DE SOURS :

Situated high up on a commanding limestone plateau just to the south-west of Pomerol and facing St. Emilion, Château de Sours has been producing wine for more than 200 years. Dating back to the 14th century, it originally served as an inn on the St. Jacques de Compostelle pilgrimage route to Spain. The current house was built in 1792, and has since been renovated and restored by former proprietors Martin and Nicolette Krajewski. Under their leadership, Château de Sours underwent a massive refurbishment, blending the region's traditional rigor and craftsmanship with modern innovations. In 2016 the winery was purchased by businessman Jack Ma. Château de Sours is producing some of Bordeaux's most respected red and white wines, and is leading a renewed global interest in top class rosé.
