“A nose like the Cullens’ herb garden in summer: wild mint, tarragon, green bell pepper, wild honey and something more heady and floral like ladies’ perfume. The palate is less extroverted, focused instead on creamy texture, lifted acidity, spicy oak, and some phenolic bitterness. This won’t be for everyone, but there’s a certain joy in the weird and the wild and this wine has both.”

*Chrisina Pickard, Wine Enthusiast*
