Its diverse aspects (north, south and east facing slopes) and rocky clay loam soils provides multifaceted winemaking opportunities. Giant Steps is committed to exploring biodynamic farming practices with the overall aim personality of the site.

WINEMAKING :

The fruit was hand picked and bunch pressed to tank. Juice transferred to barrel after eight hours settling. 100% indigenous fermentation, in barrel at 65 - 75°F. Time in oak - 9 months. Lees stirred twice only, between May and August. No malolactic fermentation. Transferred to tank in January for a light chill and coarse filtration before bottling.

ABOUT GIANT STEPS :

Established in 1998, Giant Steps explores the relationship between vineyard site, the Yarra Valley's cool climate, and different grape clones to finely fingerprint the personality and character of each vineyard. Grapes are biodynamically farmed and drawn from both estate and leased vineyards as well as grapes from long-term contracted growers, supported by strong relationships and meticulous supervision throughout the year. Giant Steps wines are produced fastidiously in the vineyard and vinified with minimal intervention so that each wine is a faithful expression of site, vintage and culture.
