

2016 GREYWACKE PINOT GRIS

Review Summary

GREYWACKE

Kevin Judd

93 pts “Gorgeous rich and mouth-filling flavors of peach, pear, baked apple and fig convey hedonism and charm. Next come waves of delicious lip-smacking acidity. After a natural indigenous yeast fermentation in old French oak barriques the wine then went through fermentation in stainless steel tanks with cultured yeast. The overall complexity and sheer lusciousness of this Pinot Gris make it very special indeed.”

93 pts “Judd’s pinot gris is symphonic with tremendous complexity and concentration of peaches, pears and baked apples. Plenty of pastry-like, smooth, bready character on the palate. Some handy length, too.”

91 pts “The 2016 Pinot Gris is a rich, slightly sweet style of wine, full-bodied but not fat, with hints of baking spices layered over poached apples and pears. Plump and succulent, it has enough weight and texture to satisfy while maintaining crisp balancing acidity.”
