

**2020 PENLEY ESTATE
PROJECT “E”
CABERNET SAUVIGNON**

Review Summary

PenleyEstate

94 pts “A cabernet sauvignon that was fermented and rested in concrete egg for 211 days. This has pure redcurrant aromas and woody spices, as well as blueberries. The palate is so long and smoothly honed. Sturdy yet velvety tannins with blue-fruit flavors.”

92 pts “Whole berries fermented in an egg-shaped cast-stone vessel, left on skins for a whopping 211 days. I do dig these Project wines from Kate Goodman. Pushing the boundaries to see what happens. The colour is excellent, a bright crimson/garnet. Pure fruit aromas of cassis and the blackest plums with lots of dried herbs, black pepper and green peppercorns. Starts sweet-fruited on the medium-bodied palate but those tannins, a touch drying, do kick in on the finish. With rich fare, it comes into its own.”
