

2020 GREYWACKE WILD SAUVIGNON

Review Summary

GREYWACKE
Kevin Judd

Top 100 NZ Wines of 2022/#32

95 pts "A very attractive nose of lemon sherbet, rosemary, fresh thyme and grated nutmeg. Medium-bodied and silky. So fresh and seamless on the palate with subtle tannins. Chamomile and wet stone. Subtle, nuanced and delicious. An elegant sauvignon blanc. Drink or hold."

95 pts "Fermented in old oak using wild yeasts. Textural sauvignon blanc with red capsicum, gooseberry, nectarine together with savoury ginger, toasted nut and struck flint flavours. Great power and purity"

Top 100 Wines of 2022/#82

92 pts "Indigenous yeast and old oak barrels add a richness and complexity to this Sauvignon. It's pale straw in color, with reductive notes of nuts, charred toast and lemon pith, the grass and herbal notes taking a back seat. The palate is ready in texture, buoyed by crystalline acidity. There's length, balance and a long lemony finish. A solid pairing with rich, herb-flecked dishes."

Christina Pickard
Wine Enthusiast
October 2022

92 pts "This 2020 Wild Sauvignon is a weighty style with lots of floral character. It is ripe and focused with gently refreshing, rather than racy acidity. Thanks to barrel fermentation (only 7% of which were new), it is rounded and curved, with layers and nuance. It's a delightful, succulent yet precise style that should turn Chardonnay fans on to Sauvignon Blanc."
