

2021 GREYWACKE PINOT NOIR

Review Summary

GREYWACKE

94 pts, #63/TOP 100 New Zealand Wines “Dark chocolate, walnuts, dried flowers, orange peel, and lead pencil. Medium-bodied with firm and racy tannins that give a linear feel and focus to this wine. Compact and polished tannins that run deep into the wine. Solid and curated texture. Drink or hold.”

JamesSuckling.com
November 2023

93 pts “Layered with red apple blossom, cherry, strawberry, hints of pomegranate molasses and black tea, the 2021 Pinot Noir is floral and pretty on the nose. In the mouth, the wine is all of these things, lingering through the detailed and finessed finish. The silty tannins speak to the Southern Valleys vineyard from which the fruit is sourced. There is density ensconced with the light framework of the wine. Very good!”

Erin Larkin
Robert Parker Wine Advocate
November 2023

91 pts “Greywacke’s Pinot Noir is ever improving, with the 2021 showing fine fruit and precision. There are interesting aromatic layers from the usual Pinot fruit descriptors to cola nut, cloves and spice. You can expect a richness of fruit while a portion of whole bunches has helped with both the lift and line of this wine. The tannins provide a mouthcoating, lick-your-cheeks sort of texture.”
