

2022 GREYWACKE PINOT NOIR

Review Summary

GREYWACKE

96 pts/Editor's Choice "This is a wine that reminds us why we love the fermented grape in the first place. From the heady, hopelessly charming perfume of mixed berry compote, peppery spice, sage and dried flowers on their stalks, to the wonderfully bright acidity that plays alongside taut, sinewy tannins and tangy berry, floral and herbal notes—it's hard to resist. Characterful and expressive, with enough structure to pair with glazed duck or to cellar for several more years."

92 pts "Interesting aromas of flint, graphite, dried strawberries and dark cherries that follow through to a medium body with firm tannins and a fresh and linear finish. A little reserved now but will open nicely with time. Try after 2026. Screw cap."
